*Time to care...*

## About Wyndley Grange Nursing Home

Wyndley Grange is a privately family run Home, situated on the edge of Sutton Park with a spectacular view of Wyndley Pool. The house was originally built in 1872. In recent years, time and attention has been given to restoring the outside of the building, maintaining the architectural appearance of the period and giving the Home a fresh life.

We have extended the building with new state of the art single en-suite bedrooms, some having fantastic views of the lake and Sutton Park. The gardens have been landscaped to provide an unrivalled environment, whether you would like to sit by the 'log cabin' overlooking the lake or sit and admire the park wildlife and flowers in the conservation area.

Our homely, well-equipped home has 64 beds offering a high standard of support and care for all. Everyone has

individual needs and our experienced and friendly staff are available 24/7 to make sure all our residents are very well looked after. All the Care delivered at Wyndley Grange is person centred and unique to our residents. This gives a

## Choosing Wyndley Grange

Call us today to arrange a viewing. We will complete a personal assessment for your loved one, to ensure their safety and future care provision is right for them.

## The 6 C's at Wyndley Grange Nursing Home

The 6C values of care (care, compassion, competence, communication, courage, and commitment) are important because they serve as a framework for providing high-quality care to residents. By embracing these values, Wyndley Grange can ensure that they are providing care that is compassionate, effective, and patient-centered.

In addition, the 6C values are important because they help to build trust between our staff and residents. When our carers demonstrate care, compassion, and competence in their interactions with the residents, it can help to build trust and improve overall satisfaction.
